

Youssef Adel ? Junior Machine Learning Engineer

Cairo, Egypt | youssef.adel@email.com

SKILLS

Languages: Python, SQL

ML: scikit-learn, XGBoost, basic TensorFlow, Pandas, NumPy, Matplotlib

Tools: Jupyter Notebook, Git, Google Colab

Cloud: basic AWS (S3 uploads, EC2 setup from tutorials)

Practices: supervised learning, model evaluation (accuracy, F1, AUC), EDA

Soft Skills: fast learner, teamwork, attention to detail

EXPERIENCE

ML Intern ? Robusta Technology Group (2023, 6 months)

- Built a churn prediction model using XGBoost on a customer dataset
- Performed EDA and feature engineering in Pandas
- Presented findings to the data team using Matplotlib visualisations

Graduation Project (2022)

- Trained an image classifier using TensorFlow/Keras on CIFAR-10 (92% accuracy)
- Documented the project on GitHub

EDUCATION

BSc Computer Engineering ? Helwan University (2022)
